PROFILE

Full Stack (MERN) Developer proficient in building scalable and secure web applications using MongoDB, Express.js, React.js, and Node.js. Strong in REST API development, authentication, and responsive UI design. Experienced in writing clean, maintainable code and working with version control systems.

EDUCATION

B.Tech in Computer Science and Engineering

2023 - 2027

Budge Budge Institute of Technology (BBIT), Kolkata
(Currently in Pre-Final Year).

PROJECTS

Personal Portfolio (Deployed) :

- Designed and deployed a high-performance portfolio using React with responsive design and dark mode
- Integrated a serverless contact form with Web3Forms API

To-Do App (Deployed)

- Built a full-stack task management system with JWT-based authentication (login, signup, password reset)
- Implemented CRUD operations using MongoDB and REST APIs with responsive UI

EXPERIENCE

Web Development Intern

Tamizhan Skills (RISE Internship Program) | March 2026

- Developed a full-stack IT company landing page using React, Node.js, Express, and MongoDB
- Integrated backend APIs for dynamic content handling and data management
- Ensured responsive design and seamless frontend-backend communication
